

Laptop Locking Station with K-Fob™ Smart Lock

Next gen laptop security

K66635EU

Product Description

The next generation of physical laptop security has arrived. Incorporating Kensington's encrypted digital locking technology and engineered to be the most secure and convenient laptop lock available, the Laptop Locking Station with K-Fob™ Smart Lock is a professional locking solution for today's thin and light laptops. Designed to reduce theft and improve compliance with corporate security protocols, the Laptop Locking Station with K-Fob Smart Lock uses premium materials and provides the trusted protection that has made Kensington The Professionals' Choice™ in laptop security for over 25 years. Secures MacBook and most Dell, HP and Lenovo models.
